Description of Exhibits Shown: None

Claim(s) Discussed: All

Prior Art Discussed: None

Proposed Amendment(s) Discussed: None

Brief Description of Arguments Presented: The undersigned requested clarification on the status of the application in light of the indication in the May 25, 2006 Advisory Action that the final rejection had been overcome. Applicant pointed out the discussion on pages 13-14 of the response filed

April 26, 2006 regarding the finality of the February 28, 2006 Office Action being improper.

Result: The Examiner indicated that the finality of the February 28, 2006 Office Action had been withdrawn, that the clock for responding to the February 28, 2006 Office Action had been stopped, and that the Patent Office would be issuing another Office Action. Claims 15, 16, 27, and 28 were agreed to be in condition for allowance if rewritten in independent form. No agreement as to the allowability of any other claims was reached.

Respectfully Submitted,
